

Announces
Winter Training with/without Placement on

Industrial Automation, PLC, SCADA, Embedded System, 32 bit Advanced Embedded System, C Language, Data structure, VHDL, Verilog HDL, VLSI, IBAS, MATLAB, .NET, JAVA, @SOFCON Noida, Delhi, Gurgaon, Ghaziabad, Lucknow, Jaipur, Bhopal, Ahmedabad, Baroda, Rajkot.

SOFCON, an ISO 9001:2008 Certified Company is a renowned name among Engineering Students, Working professionals and MCA/BCA professionals for providing quality education in the form of Summer Training, Industrial Training & 3/6 months Winter Training. SOFCON is a group of enthusiastic and well competent professionals, having a unique training methodology which makes SOFCON - India's No-1 Training Company with a bright history of training more than 50,000 engineers and professionals.

Today almost every Engineering & Professional graduate programs in India include Industrial/Summer/Winter/Project Training as an important part of their curriculum, with an objective to enhance the knowledge of the students on different cutting edge technologies existing in the industry. Sofcon bridges the gap between Academia & Industry and helps today's students become tomorrow's successful trained professionals with the desired skill sets to match the ever-increasing demand of the industry.

In order to eradicate this deficiency and create skilled resources for the challenging industry, SOFCON has designed a curriculum for Winter/Project/Industrial training. We adopt a mixed learning approach by integrating classroom training, hands on lab exercises and team projects to provide students both the theoretical & practical training needed to build strong technical skills.
