Ph.D. Admission Brochure

2014

Dr. Harisingh Gour Vishwavidyalaya
(A Central University)
Sagar (M.P.) 470003

Vice Chancellor's Message

Doctor H. S. Gour Vishwavidyalaya, one of the major institutions of higher education in India, is largely devoted to the field of specialized higher studies. It is widely known for excellence in teaching and research and for dedicated faculty. The large campus located at a picturesque hillock near Sagar Lake has immense scope of bio-diversity. It is a sanctuary to various species of birds and creatures, which gives the campus a natural beauty.

On upgradation as a Central University it has witnessed significant transformation and phenomenal improvement in all aspects. The university offers a whole panorama of learning in Technology, Science, Arts, Humanities, and Education streams. The university has 11 Schools, and these schools have conducted major research programmes alongwith traditional postgraduate programmes.

The globally recognized Choice Based Credit System (CBCS) of teaching and continuous internal evaluation is successfully implemented in the University. The central University has adopted semester system and implemented CBCS in its first session. Students as well as teachers both are now well versed and appreciate this new system of teaching and instructions.

The examination system is fully transparent; students may see their answerbooks, so that they can understand shortcomings and can improve accordingly. The results of this system are very favorable. It is evident from the fact that the number of students who have qualified UGC NET and other competitive examinations has increased.

Admission in all the courses is given through National Level Entrance Test followed by counseling. The test is conducted across the country and there is a substantial increase in the number of aspirants every year.

The teaching is going on as per the academic calendar. The classes and examination are conducted strictly as per academic calendar. We are strictly following the academic calendar and it is an indication of our disciplined educational culture.

The classrooms and laboratories have modern facilities for teaching and research. Modern, sophisticated and rare instruments are installed in our labs such as 500 MHz NMR, Single XRD, High Resolution Transmission & Scanning Electron Microscope, Cell Sorter Flow cytometer, Real time PCR, HPLC etc. By using these instruments, we are providing world class educational environment to our students. We have a large campus and a new campus is also in progress to provide more labs, classrooms and hostels for students of this university. We have a rich library with about 5 lacs books, various national and international journals. Our central library has super computer which is a progressive step in the field of information and technology and now the students may avail the facility of e-learning and e-library. This university was accredited grade 'A' by the NAAC of the UGC.

I invite students from all corners of the country and abroad to join us and to be one of the elite students of this central university.

With best wishes

Prof. N.S. Gajbhiye
Vice-Chancellor

University at a Glance

The founder and mentor Sir Dr. Harisingh Gour's desire was to establish an educational institution of higher learning for rural and deprived population of Central India. He had on his mind Cambridge and Oxford universities as a model. The University of Saugar was established in July 1946 and later renamed as Dr. Harisingh Gour Vishwavidyalaya, Sagar. The university is sixteenth university of the country and the first of the state of Madhya Pradesh. The university has been upgraded to a central university on January 15, 2009 by an Act of Parliament. The President of India is Visitor of this university.

The University campus spreads over an area of about 1300 acres on the top of hills, surrounded by lush green forests, natural and pollution free environment. There are more than **36** independent teaching departments in this university. Some of them recognized by the UGC under DRS, DSA, COSIST, PURSE, CAS or AICTE programmes. There are four hostels for boys and two for girls. University teachers and other officials reside in the university campus. Our first Prime Minister Pt. Jawaharlal Nehru laid down the *'foundation stone*' of the university library in 1952 and the Library is named after him.

The University has gone through a restructuring experience by adopting 'School of Study' system for promoting intra and inter-school academic programmes. Eleven schools, established under the new system, offer courses ranging from Physical Sciences to Applied Sciences and Technology, Law, Business Management, Applied Geology, Pharmaceutical Sciences, Humanities, Arts and Social Sciences, Music and Performing Arts.

The university has nearly 300 experienced faculty members, who are engaged in quality teaching and research. In the year 2013 about 175 new faculty members have been appointed to teach our meritorious students. Some of these new faculties have the experience of developed countries, such as England, Germany, Japan, France, South Africa, USA, etc. Many of them are from premier institutes like Indian Institue of Technology.

The University has its own infrastructure for essential services such as Bank and Post Office in the campus. There are facilities for indoor and outdoor games, as well as a well-equipped and furnished *"Golden Jubilee Hall"* with a seating capacity of 750 for cultural and academic activities.

The University has various centers for developmental activities such as Academic Staff College (UGC), Central Instrumentation Laboratory, a Study Centre of Indira Gandhi National Open University (IGNOU), Educational Multi Media Research Centre (EMRC), Population Research Centre (PRC) of Ministry of Health and Family Welfare and Manuscriptology Research Centre of the Ministry of Culture, Government of India.

Several alumni of the University have brought glory to the university by their distinguished services in chosen fields both within and outside the country. More than twenty five students and teachers of this university have been Vice-Chancellors of different Indian Universities and also D.G.GSI, Government of India. This university has also produced a number of top ranking television and Cine artists. The recent SCOPUS survey of Department of Science and Technology (DST), New Delhi has ranked the university at 30th place amongst 450 university of the country.

A prominent city of Madhya Pradesh, Sagar is well connected by rail and road network situated about 200 kms away from Jhansi, Katni, Jabalpur and Bhopal. It is 75 Km from Bina railway junction (WCR). The university provides a congenial academic atmosphere to the youth to nurture potential for excellence.
