

Leasing of Indian Standards on DVDs : (To view Demo-Presentation click here)

Indian Standards are now available on lease on DVDs. The Standards will be securely encrypted and password protected and hence may be viewed only through the viewer (proprietary client application) provided in the installation DVD for this purpose. The lease will be for complete set of all Indian Standards or for one or more of the 14 Technical Divisions. Price for leasing of IS on DVDs for one year (with two monthly updates) are given in the following table :

Price for one year leasing in Indian Rupees(INR)	Stand alone (INR)	1 Simultaneous User(INR)	2-5 Simultaneous Users(INR)	6-10 Simultaneous Users(INR)	11 -15 Simultaneous Users (INR)
<u>Complete Set</u>	300000	450000	510000	570000	630000
<u>PGD</u>	33600	50400	57150	63800	70600
<u>CED</u>	48000	72000	81600	91200	100800
<u>CHD</u>	38400	57600	65300	73000	80600
<u>ETD</u>	42000	63000	71400	79800	88200
<u>FAD</u>	37800	56700	64300	71800	79400
<u>LITD</u>	44400	66600	75500	84400	93250
<u>MED</u>	30000	45000	51000	57000	63000
<u>MHD</u>	18000	27000	30600	34200	37800
<u>MSD</u>	9600	14400	16300	18200	20200
<u>MTD</u>	34800	52200	59200	66100	73100
<u>PCD</u>	28800	43200	49000	54700	60500
<u>TED</u>	21600	32400	36800	41000	45400
<u>TXD</u>	21600	32400	36800	41000	45400
<u>WRD</u>	10800	16200	18400	20500	22700

The lease will be valid for one year initially and may be renewed for a further period of one year at a time. Updates will be sent to the leasee once in two months.

The IS and the software for viewing IS(along with updates and soft copy of IS) can be installed on the server and may be viewed from the client if the server is accessible to the client. The software on the server will run only if a security dongle or password DVD (supplied with installation DVD) is attached to (or placed on) the server. The customer may opt for security dongle or password DVD. Any computer may be used as a server for the software but limitation of the computer (and OS) being used as a server will be a limiting factor for using the software. A small viewer application sent in the DVD needs to be installed on each of the client PC on which the user needs to view **and print** the Standard. The Standards will be watermarked with the name and email address of the customer.

The application is compatible with Windows and Linux OS. The maximum number of concurrent users allowed and the maximum number of users allowed to be created are given in the table below:

Sl.No.	Model	Maximum No. Of Concurrent Users Permitted	Maximum No. of User ids permitted to be created	Remarks
1	Standalone	Nil (One Standalone User Only)	1	Logging in through Network is not possible
2.	1 User	One	10	Network model
3	2-5 User	Five	50	- do -
4.	5-10 User	Ten	100	- do -
5	10-15 User	Fifteen	150	- do -
